UPDATE, DISCUSSION AND POSSIBLE ACTION RE: GRANT APPLICATION REQUEST: Rosie

Watson. CCS Service Facilitator, requested the opportunity to apply for two grants, one from Walmart and one from Cabela's Bass Pro Shop. The Walmart funds will be used to purchase food, hygiene products, clothing, emergency shelter, supplies and basic survival items for individuals and families experiencing homelessness, poverty and food insecurity or to purchase life skill materials, therapeutic and recreational supplies, educational resources, and independent living supports for individuals with mental health and substance abuse needs. The Cabela's Bass Pro Shop funds will be used to purchase fishing poles, tackle, and other outdoor recreational equipment to help connect youth and adults (that struggle with mental health and substance use challenges) to healthy outdoor activities. Gary Ranum moved to approve the grant application for the two retailers. The motion was seconded by Dan Durley and passed unanimously, allowing the process to proceed to the Executive Board.

ADJOURNMENT and NEXT MEETING: At 6:57 PM, Janelle Carroll made motion to adjourn; motion seconded by Nancy Howard and passed unanimously. Adjournment pursuant to the next Unified Community Services Board meeting- June 17, 2026 at 5:30 PM - Grant County Administration Building, County Board Room.

Birth - Three Annual Review

Wisconsin DHS completed the annual audit of the agency Birth-Three program records. The annual audit measures compliance with eligibility determination, mandated child assessment schedules, the IFSP process, documentation, family engagement and transitions. The agency fully scored 100% on 3 of the 4 focus areas; the fourth focus area, family involvement/engagement, was partially met. And, the overall CY25 statewide rating was scored as 95% - Fully Meeting Standards. We will review the final report findings once released and review with program team members.

Agency Successes

Drug Treatment Court

After five years of ongoing clinical efforts to support a higher level of care, a client voluntarily completed residential treatment and demonstrated exceptional progress throughout Drug Treatment Court (since entering in March 2025). During that time, the client has maintained full-time employment, paid all court-ordered costs in full, attended every treatment session without exception, completed Recovery Skills Group, and achieved 16 months in treatment court with zero sanctions and zero positive drug screens. This is an especially significant accomplishment given that this program serves individuals assessed as high risk to reoffend and in high need of substance use disorder treatment.

Beyond personal recovery, the client has become a meaningful contributor to the community by volunteering weekly to distribute goods and resources to individuals in need, providing transportation and recovery support to others in the recovery community, and advocating for fellow participants so they could remain engaged in treatment court. The client also successfully encouraged a family member to enter residential treatment, demonstrating the broader positive impact of his recovery. In addition, he has rebuilt relationships with his parents, siblings, and children, and made strong use of peer support services through Ken Kirby.

As our staff member Ken shared, "It has been a pleasure to support [the client] in his road to recovery. He has done something that I have rarely seen which is to complete treatment court without infractions. I am impressed with his growth and I feel good inside for what he has accomplished." The client's recovery has also been strengthened by the support of his significant other, who is also in recovery and maintained more than two years of sobriety, and is employed full time at an addiction treatment facility.

Behavioral Health

- A former client came in to the Unified building to update and sign release forms. While she was here, she shared that she just received her Bachelor's degree. And, that she has been drug and alcohol free for several years thanks to the agency and her primary staff, Keri Fatzinger. She also stated that one day she hoped to work for Unified to 'give back!'
- A Grandmother of a client recently shared that her granddaughter, age 14, does not ever want to come to her therapy appointments. But, when she walks back into the lobby after her appointment, she comes out of the session 'looking like she didn't hate it!' (For anyone with a teenager, this is a success!)

Emergency Services

- Emergency Services staff were able to successfully engage an individual who had experienced multiple recent overdose events and had historically been difficult to connect with services. Through ongoing outreach and support, the individual was connected to additional Unified Community Services programs, including counseling and Comprehensive Community Services (CCS), increasing access to longer-term treatment and recovery supports.
- An individual with a long history of limited engagement with services demonstrated a greater level of participation with Unified Community Services than ever before, particularly with Emergency Services. Recognizing that traditional approaches had not been effective, Emergency Services staff worked diligently to identify creative, individualized strategies to engage and support the individual. While engagement remains an ongoing challenge, these efforts have resulted in meaningful progress and a stronger connection to services than had previously been achieved.
- Emergency Services played a critical role in identifying and responding to an individual experiencing severe mental health symptoms complicated by significant medical concerns. Through crisis intervention and coordination of care, the individual was connected to appropriate treatment and services, ultimately achieving stability and successfully discharging from an extended inpatient stay.

Comprehensive Community Services:

- Rosie Watson and Bobbie Sue Lopez, CCS Service Facilitators, have created a youth skill-building group for boys ages 7-9. The group has been incredibly beneficial and rewarding for both the clients and the service facilitators involved. The boys have thrived while working together, supporting one another, and learning new skills from their peers. The

staff consistently make sure everyone is included, offer different perspectives, and enjoy knowing they are not the only kids participating in CCS.

- Throughout the group, participants have engaged in *billable* skill development activities that promote emotional, social, and coping skills. Activities have included hiking while practicing mindfulness, creating painted rock families while learning about gratitude and relationship-building, and playing games such as Uno to practice taking turns, following rules, communication, and teamwork.
- Beyond the skills being taught, the group provides an opportunity for the boys to build friendships, gain confidence, and experience a sense of belonging. The service facilitators leading the group have also found it to be a highlight of their week. It is rewarding to watch these kids thrive, learn new skills, support one another, and simply enjoy being kids.

Community Support Program

A CSP client's mental health commitment (Chapter 51) will be lapsing next week after being court ordered for treatment since 2018. The CSP client has gained enough insight into his illness that he now understands the importance of taking his medications consistently and meeting with his CSP providers. He will now be a voluntary client within the program. He is also working toward getting his driver's license and living independently in his own apartment. Recovery is possible, even for those with the most severe illness!

Workers Compensation: *Will be reported quarterly. Report will be given at the July meeting for April – June 2026.*

Finance Report June 2026

Revenue YTD: \$1,724,481.42
Expenses YTD: \$3,220,594.56
YTD: (\$1,496,113.14)

Finance Highlight: *The current year-to-date income statement shows significant financial gain in the Birth to 3 revenues from 2025 to 2026. The only change made is the managing the credentialing/pre-authorization process implemented in March of this year. This change was significant and we are definitely moving in the right direction here.*

Current Goal:

- Ensure all the necessary finance positions are in place, trained and cross-trained to fully manage the complete agency payable/receivable workloads.
- Ensure all credentialing is completed and maintain for all accepted insurances; to ensure all prior authorizations are in place prior to service delivery.
- Ensure all billing requirements are in place and executed in a timely manner so that program reimbursement dollars fully reimburse services.
- Ensure all external reporting is completed in a timely manner.

Credentialing Update:

Updating all finance contact information which is required to be maintained for credentialing. This includes contact information with all insurers (Medicare, Medicaid, etc) to ensure our accounts are updated and active.

Credentialing Process: In addition to updating contacts, finance staff is continuing to update all required information to ensure that all of our providers are credentialed with our insurances. FYI-once hired, the Compliance/QA position will be dedicated to ensure that credentialing, licensing, and all other program regulatory requirements are being met.

Status of Electronic Billing:

Both Grant and Iowa County electronic billing is working for CLTS billing through Forward Health. When claims are submitted electronically through FWH, we receive the remittances electronically via a download that can be automatically applied (still need to enter zero remits, verify accounts, etc.) to the accounts in ECHO. If we receive paper remittances, those need to be hand entered and applied to the accounts, which impacts the processing time significantly and adds to potential data entry errors. In addition, the

time we gain through efficiencies can be spent working on any denials that we receive and/or process improvements. We are working to move to electronic billing with all our funding sources.

Required Reporting:

The contracted Finance Director has completed the required annual reports:

- F22540 Annual Revenues (May 19th)
- F20942 Annual Expenses (May 19th)
- SUPTRS-BG (Jun 1st)
- CMHA (Jun 1st)
- CMHS-BG (Jun 1st)

The following reports are still yet to be completed.

- Department of Human Services 2024 and 2025 SUBG Prevention Reports (due June 30)
- WIMCR which is due July 15th.

Annual budgeting.

The agency needs to begin the annual budget process.

Private Pay Fees.

The agency has not updated the private pay fee structure since 2020. How best to go about increase rates?
